McNeil, Neil
Roman Catholic Archbishop of Toronto 25
Sept. 1916 - June 1917

September 13th, 1916

His Grace,

Archbishop McNeil,

The Presbytery, Earl Street, Toronto.

Dear Archbishop McNeil:

I have this morning received your note recommending Miss Catherine Dunn for the position in University College from which Miss Salter is about to retire.

I shall be glad to see Miss Dunn at any time that may be convenient to her, but I think it is entirely probable that no permanent appointment will be made this year.

With kind regards, I am,

Yours sincerely,

President.

Dear Mr. President-

The war and other causes have made it very difficult for St. Michael's Hospital to secure qualified house surgeons. There are two fifth year medical students who will be available if they obtain their degrees. They are Justin McKeown and Stance Brisson. They have passed all the written examinations and the oral exams. of the Ontario Med. Council, but as to the oral in clinics at the General Hospital they are very doubtful. I beg to urge that, in view of the need, nothing but evident deficiency should be allowed to prevent the granting of the degrees.

Sincerely Yours
+N. McNeil

Archbishop McNeil,

Toronto.

My dear Archbishop:

I have just received your letter with regard to the case of two fifth year medical students, Justin McKeown and Stance Prisson. I have spoken to the Dean of the Faculty of Medicine and have asked him to do what he can to meet your wishes and I know that he will do so, but of course it is extremely difficult to overrule an examiner if he is definitely of an opinion that a student should not pass. I know nothing about the case of these gentlemen and I hope that the examiner will in any case be favourable.

Yours sincerely,

President.
